Message from His Eminence Thomas Cardinal Collins

My dear friends,

I wish to offer my prayerful support as you introduce a new strategic plan to the Durham Catholic District School Board community.

This vision has been the result of extensive consultation, drawing on the wise expertise of students, parents, clergy and educators, each one an important partner in the journey of our young people.

Your strategic plan challenges us to foster a caring Catholic culture in our schools, modeling the example of Jesus to love and serve one another. We look both inward and outward in our focus, ever mindful that the education provided in the classroom must extend beyond the walls of our schools to make a difference in the lives of all those we encounter each and every day.

It is our prayer that the parish, home and school will join together in partnership to help implement this plan. Each plays a critical role as we entrust our young people to serve with faithfulness, humility, compassion, justice and joy.

We have been blessed with the gift of publicly funded Catholic Education for more than 160 years in our province. To nurture this gift, we require the commitment of every Catholic; to all those who have given most generously of their time and talents to develop this important plan, be assured of my gratitude.

May God bless the Durham Catholic District School Board family as you implement this strategic plan in the months and years ahead.

**Sincerely in Christ,
Thomas Cardinal Collins
Archbishop of Toronto**

Message from the Director of Education

As I entered the role of Director of Education in September 2013, the Discovery 2020 strategic planning process was developed to help shape the vision of the Durham Catholic District School Board for the next five years. While each goal that is outlined in this document will drive our yearly Board and School Improvement Plans, we strive to prepare our educators, students and families for the world of Catholic education as we move towards the turn of a new decade.

As part of the strategic planning process, our mission and vision have been updated to align with the framework outlined by the Ministry of Education and our Catholic School Graduate Expectations. Our values have been formalized to reflect our morals and beliefs through a Catholic lens.

I am excited to embark on this journey with our students, staff, families, trustees, parishes and community partners as we launch a new beginning for our Catholic school system. The plan is propelled by three guiding principles: Excellence, Equity and New Evangelization. In the pages that follow, you will find an overview of how these themes, strategic priorities and goals are interconnected, forming a harmonized system in which everyone works together for our common vision, serving with excellence in the light of Christ.

Yours in Catholic Education,
Anne O'Brien, Director of Education

Message from the Trustee Chair

As stewards of faith for students, the Durham Catholic District School Board is pleased to share Discovery 2020, our five-year strategic plan with the Durham Catholic learning community. We are confident that the strategic themes and priorities outlined in the plan will continue to light the path for Catholic education in our municipalities.

In the tradition of our motto, the words Catholic Education: Learning and Living in Faith, continue to guide us with Jesus Christ as the centre of everything we do. We believe that the Catholic school is to minister a faith relationship through curriculum, pedagogy and the light of the Gospel; while the fundamental trinity between the home, school and Church inspires faith-based living beyond the doors of our Catholic schools.

We are proud of the success and achievement that is a known legacy for our Board dating back 45 years ago when our story began. We appreciate the work of past and present leaders who have contributed to maintaining the Catholicity in our schools while achieving academic excellence; and we are excited about the new strategic directions that will continue to shape Catholic education and faith formation for our students. As Trustees, we look forward with great enthusiasm towards the next five years as Discovery 2020 is implemented.

God Bless,
Christopher Leahy, Chair of the Board of Trustees

Introduction

In September 2013, the Durham Catholic District School Board embarked on a journey to develop the 2014 to 2019 strategic plan: *Discovery 2020*.

The development of a strategic plan enables the Board's partners and stakeholders to identify actions that address important issues, opportunities and priorities through a common vision, goals and objectives.

This plan is built upon the momentum of change and transformation in Catholic school teaching and learning practices, technology and communication advancements, population trends and priorities established by the Ontario Ministry of Education.

The document provides an overview of the plan at a glance, outlining 10 key themes with underlying priorities and goals. From this plan, staff have developed strategic actions and timelines as key drivers of Board and School Improvement Plans which will be reported on annually through the Director of Education's Report to the Community.

"Yesterday is gone. Tomorrow has not yet come. We have only today. Let us begin."

– Blessed Mother Teresa of Calcutta

The Strategic Planning Process

The development of the new strategic plan involved extensive research and input from various communities. The collective voice of internal and external stakeholders—staff, students, parents, parish priests, elected officials and community service providers—was heard through surveys, public consultation meetings, student voice forums and one-on-one discussions with the Director of Education. Through this process, the Board’s current strengths, challenges and opportunities were identified.

A committee consisting of staff, employee group representatives and leaders, principals, senior administrators, trustees and committee chairs participated in formal discussions led by a facilitator, allowing each area of the Board to provide input on what students will need in order to succeed in the 21st century.

Throughout the consultation session, key questions developed by the Ministry of Education were addressed around student well-being, equity, Kindergarten, child care, technology and the development of partnerships. Additional research was reviewed and discussed, such as Ministry documents, reports from educational stakeholders and information from the Region and related agencies in dealing with planned growth and development in new housing, new communities and need for new schools. Statistics in relation to student achievement, resource allocation, finances, special education, and demographic data related to Catholic school support, age, literacy and school completion was also reviewed in depth.

All of this data was crucial when considering the future of the Durham Catholic District School Board and understanding its core business. It was discovered that the Board’s main purpose is to serve students from Kindergarten into adulthood, supporting the spiritual, academic, physical and emotional health of the whole person. The role of Catholic educator is to ensure a focus that is Christ-centred as individuals pursue academic excellence and personal pathways to success.

From this discovery, the guiding principles of this plan were established, forming the foundation of the plan from which 10 key themes emerged.

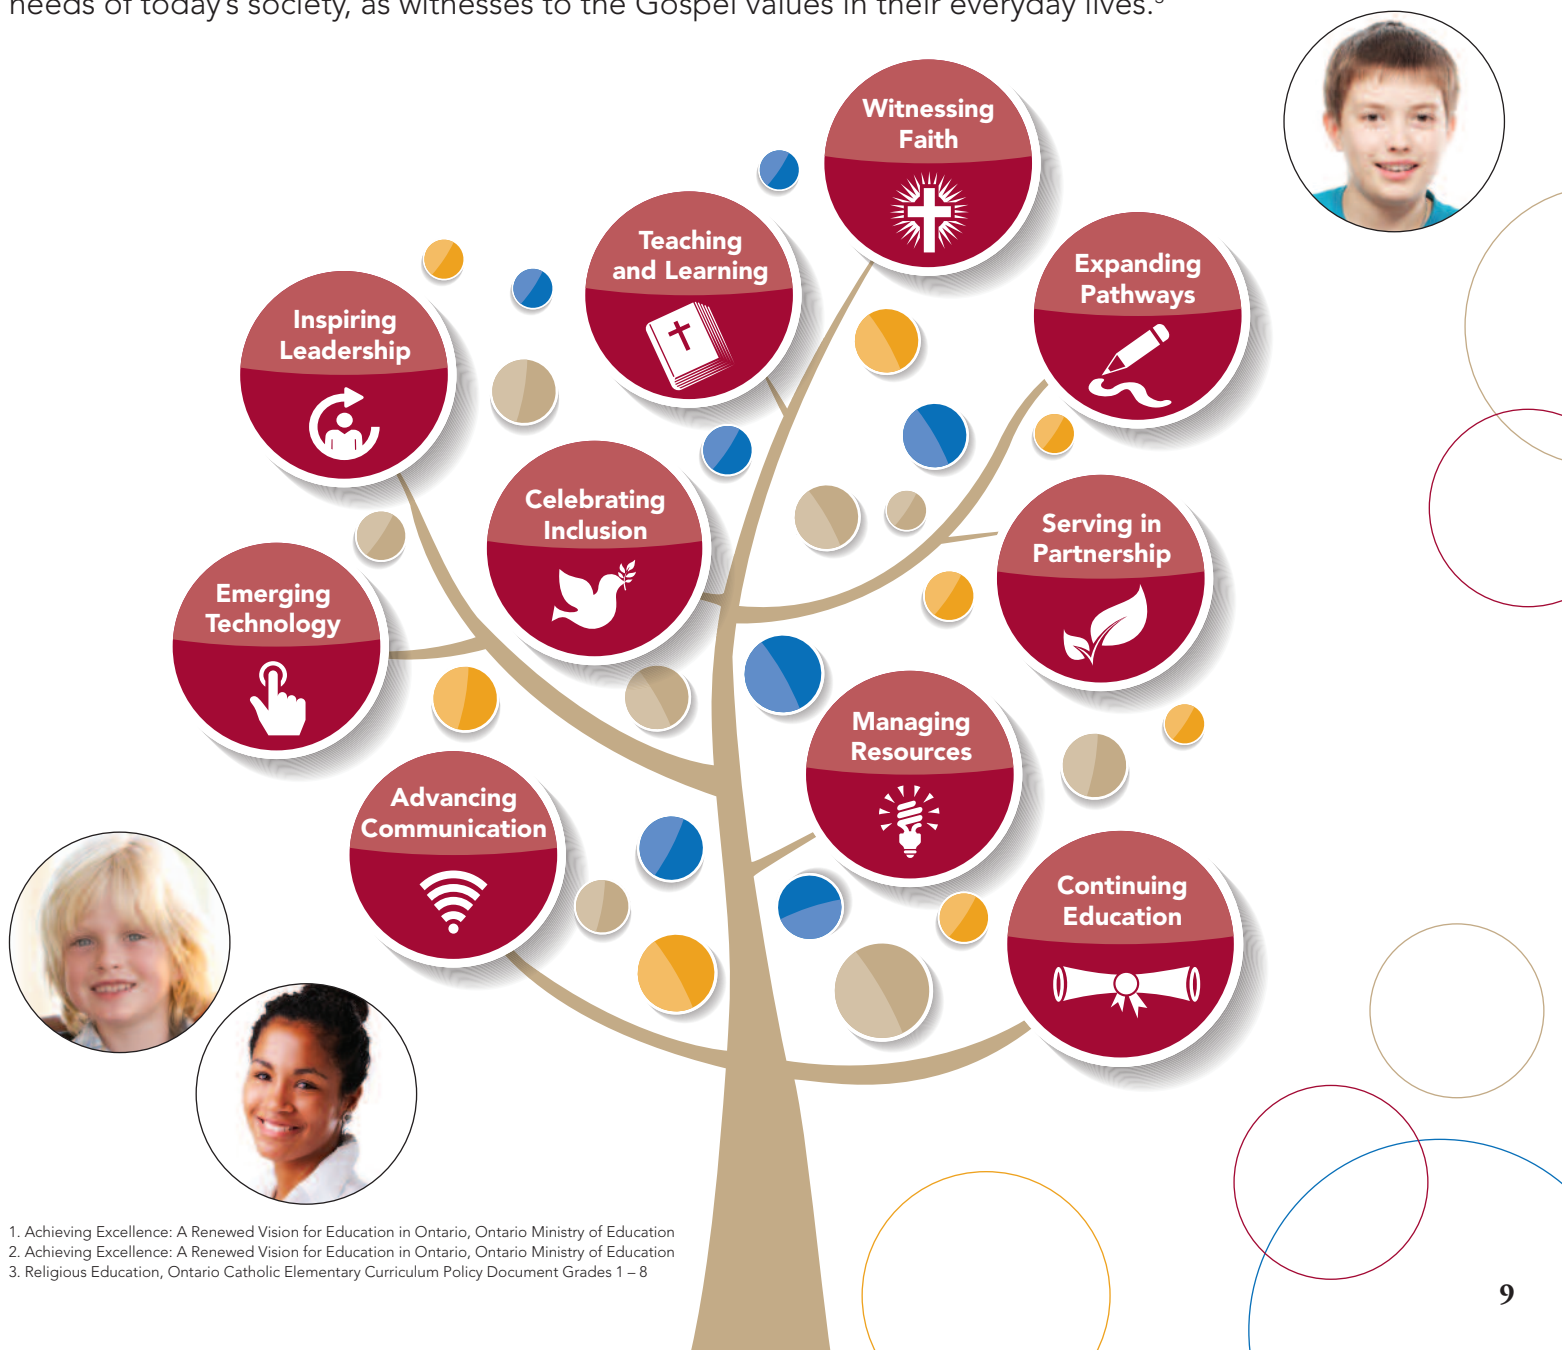

Overview

Discovery 2020 was developed to align with the goals outlined in the Ministry of Education's plan, *Achieving Excellence: A Renewed Vision for Education in Ontario*, as well as the Ontario Catholic School Graduate Expectations. Each of the 10 themes discovered through the strategic planning process have been established to promote:

Excellence: Children and students of all ages will achieve high levels of academic performance, acquire valuable skills and demonstrate good citizenship. Educators will be supported in learning continuously and will be recognized as among the best in the world.¹

Equity: All children and students will be inspired to reach their full potential, with access to rich learning experiences that begin at birth and continue into adulthood.²

New Evangelization: Students will embrace the Catholic Church's renewed efforts to meet the spiritual needs of today's society, as witnesses to the Gospel values in their everyday lives.³

Acknowledgements

Thank you to the members of the Strategic Planning Committee and sub-committees who worked several hours throughout the year to bring *Discovery 2020* to life. This group worked endlessly to research and review data that was brought forward throughout the process. Their contributions and exchange of ideas helped to establish the concept for the plan, update the new mission and vision, and formalize our Catholic values.

The Durham Catholic District School Board of Trustees also provided valuable input throughout the strategic planning and development process. Information was presented during trustee retreats and over a series of public Board meetings. The time that was taken to listen, discern and provide feedback to committee leaders was invaluable.

Committed to the implementation of this plan, Durham Catholic Trustees will work diligently to ensure accountability for the strategic actions that are drawn from the contents of this document. These actions, timelines and indicators of success have been outlined as a reference for various departments across the Board as they work together towards achieving their goals. Progress will be shared annually through the Director’s Report to the Community.

We are grateful for the students, staff, members of our parish communities and general public who responded to various surveys; for those who participated in student and community consultation sessions; and for the individuals who met with the Director of Education to share ideas about the future of Catholic education. The Director and Chair of the Board also met with local politicians, whose support is immensely appreciated.

Thanks to having representation from so many stakeholder groups during the consultation period, *Discovery 2020* is truly a collaborative effort which speaks to the strong voice among our Catholic learning communities.

A special thank you to His Eminence, Thomas Cardinal Collins, for sharing his insight and prayers as we journey forward on our mission.

But Jesus called them to Him and said,
"Let the little children come to Me,
and do not forbid them; for of such
is the kingdom of God."
